

# INCREASE YOUR GRADES, TURN UP YOUR SAVINGS!

**PROMOTION  
EXTENDED +  
NEW GRADE  
OFFERINGS!**

Go for **gold** at every turn  
with our high-performance  
turning inserts

Buy **20 KCP25C, KCU10B, KCU25B or KCS10B** inserts,  
get **10 additional inserts FREE** with **PROMO CODE: GOLD**

Promotion valid through September 30, 2025 in United States, Canada and Mexico.

Choose from any ISO Negative Kenloc™ and  
ISO Positive Screw-on inserts in **KCP25C,**  
**KCU10B, KCU25B or KCS10B** grades.

ISO Negative Inserts

ISO Positive Inserts

Promotion valid through September 30, 2025 in the United States, Canada and Mexico. Promotion cannot be combined with other offers. No returns. Promotion excludes Beyond Evolution™, A4™, A2™, Top Notch™ (grooving, threading, profiling), LT threading, custom solutions and all other grades. Kennametal reserves the right to revise or cancel this promotion at any time. All sales are final and cannot be returned and/or exchanged for credit. Contact Kennametal customer service directly to redeem this offer using promo code GOLD at [usa.customerservice@kennametal.com](mailto:usa.customerservice@kennametal.com) or 1-800-446-7738.

- Features next generation KENGold™ CVD coating technology
- Engineered with uniform coating layers for increased speed
- Longer tool life with improved edge toughness, abrasion and chipping resistance
- Designed with gold flank for maximum wear identification
- Ideal for machining steel in a wide range of turning applications

**KCP25C**

- Features the KENGold PVD multilayer coating technology
- Provides great thermal resistance for higher speed and productivity
- Delivers superior resistance to chipping and flank wear for extended tool life
- Engineered with a gold coating for easy wear identification and reduced waste
- Change your materials, not your tools with this Universal turning grade
- KCU10B: Hard substrate for continuous turning
- KCU25B: Tough substrate for roughing and interrupted cuts

**KCU10B & KCU25B**

MORE (KCU10B)**

**SCAN TO LEARN  
MORE (KCU25B)**

- KCS10B features High-PIMS PVD coating technology
- Excellent coating adhesion on sharp edges for maximum performance
- High depth-of-cut notching resistance for long tool life and less downtime
- Increased speed in medium machining and finishing operations of high-temperature alloys
